# FORMIT ULTRA FRESH

INTRODUCING THE NEW DEODORISER RANGE

## ULTRA FRESH ODOUR CONTROL SACHETS

Rapid, effective deodorising technology.

The Formit Ultra Fresh odour control sachets utilises advanced deodorant technology to provide long-term odour control. A convenient, nonstaining drop-in sachet, it requires absolutely no direct skin contact and disperses quickly in the waste tank.

- Innovative resealable weatherproof packaging
- Available in 48 sachet bags, 5 bags per case
- Quick dispersion in waste tank
- Long lasting fresh fragrance
- Long shelf life

## ULTRA FRESH BIO SACHETS

Environmentally friendly deodorising.

Formit's Ultra Fresh dissolvable powder packets are a blend of non-pathogenic bacteria strains and active enzymes that are beneficial to waste dump sites.

Environmentally safe ingredients fight odours and provide long-lasting fresh fragrance.

Our unique outer film dissolves quickly in warm, soft, high or low PH and hard water situations - all without harming the environment!

- Available in 40 sachet packs, 5 packs per case

# FORMIT ULTRA FRESH

INTRODUCING THE NEW DEODORISER RANGE

## ULTRA FRESH DEODORISER DISCS

Continually freshen the air inside your portable toilets with a disc that hangs on the wall.

Designed with fragrance that lasts for weeks, the Ultra Fresh deodoriser discs will make your toilets smell better, longer. All you need to do is conceal the disc on the reverse side of the vent pipe, on the toilet paper spindle or behind the urinal and it does the rest.

- Available in Mulberry Twist and Sunshine fragrances
- Available in cases of 250 discs

## GRAFFIX GRAFFITI REMOVAL

When we say spray it on, wipe it off, we mean it.

GRAFFIX is an environmentally safe liquid gel used to remove paint and chemical resistant coatings, and does not contain MEK or any other harsh, flammable chemicals.

It is specially designed to remove multiple layers of oil and latex paints from various substrates, including HDPE, wood, brick, stone or metal.

Best of all, it's environmentally friendly, biodegradable and safe to use.
